

# BRITISH SPEEDING TOWARD PRETORIA

## Military Men Convinced That the End of the War is Near.

# TAKING A REFERENDUM

## Boers Determining by Ballot Whether to Continue War or Surrender.

# RAILROAD TRAFFIC IS OPEN

London, May 25.—[Special Cablegram.]—Gen. Roberts army has resumed its advance after crossing the Rhenoster river on pontoons. Gen. Methuen is advancing rapidly up the Vaal from Hoopstad towards Roberts lines. The latest story is that a referendum on the question of continuation or surrender is going among the commandos at the front.

Railroad Traffic Is Open.

Cape Town, May 25.—[Special Cablegram.]—The railroad is now intact from Vryburg to Ruloway in Rhodesia. Hunter's troops have reached Vryburg. Reports of a protracted struggle and speedy ending of the Boer war are hopelessly intermingled. Members of the Arikander Bund think Kruger is unbending in his determination to fight to the bitter end. There was a riot here yesterday resulting in a crowd trying to make a Dutchman named Retter to hoist the British flag. One member of the Canadian volunteers lost an eye. The front of Retter's house was smashed in by the mob.

End of the War is Near.

London, May 25.—The retreat of Botha's forces from the Rhenoster to the Vaal serves to convince military men that the end of the war is rapidly drawing near. This is without doubt the official view, although nobody connected with either the war office or the headquarters staff is willing to be quoted to that effect.

The date for the occupation of Pretoria which is usually named among officials is June 15. It is assumed by them that there will be no delay either in the passage of the Vaal or in the occupation of Johannesburg, since General Roberts, his superiority of numbers and his strength of mounted force, can turn the Boers out of every defensive position which they may attempt to hold. They expect to see the British flag flying over Johannesburg by the end of another week and Pretoria under siege early in June.

# BOERS WILL LEAVE PRETORIA

Nephew of Kruger in London Predicts Destruction of Mines.

London, May 25.—The nephew of President Kruger, who has so often given information of Transvaal affairs, loomed up yesterday. He said: "I believe the mines are going to be blown up. I regret it exceedingly, because my father and many other prominent Boers have large interests in the mines." Asked what he thought of the war as it stood at present, his reply was that he thought the game was up and no stand would be made at Pretoria, but at Lydenburg.

It was suggested that the English with the large force at their disposal would take Lydenburg. "That," he replied, "is impossible. Lydenburg is so surrounded by mountains that it would be impossible to take it."

"Why not starve it out?"

"Why, all the provisions from Pretoria are being taken there, and they are enough to last for three years."

So, if he is right, we may have a siege at Lydenburg which will beat all siege records.

"And President Kruger?" was asked.

"He won't go to Lydenburg."

"What will he do, then?"

"Just as he did in 1880. He will go 'up country,' and no one will be able to find him."

# CAR GOT AWAY ON A STEEP GRADE

## Accident at Akron, O., Which Cost the Lives of Four Electric Trainmen.

Akron, O., May 25.—[Special Telegram.]—A work train on the Akron and Cuyahoga electric line got away on a steep grade this morning. The trainmen jumped. The killed are: James McManan, Michael Pedders, Frank Carry and one unknown man.

Early Passenger Coaches.

Passenger cars (or coaches, as they are usually designated) in early days were simply stage coach bodies mounted on four car wheels, and as time progressed several were linked together, thus forming a "train."

# IN A SPECIAL TRAIN JUNE 17

Wisconsin Delegation to Philadelphia Will Leave on That Date.

Milwaukee, May 25.—The Wisconsin delegation to the national republican convention at Philadelphia will leave Milwaukee in a special train Sunday morning, June 17. The train will also carry the Minnesota delegation, and will be decorated and provisioned jointly. All of the plans have been completed with the exception of the stop-over arrangements at Philadelphia. The delegates desire a long-time ticket, such as has been given to the delegates who will go to Kansas City in July. It is probable that this matter will be arranged by the railroad companies within a few hours, so that those who will make the journey can plan for visits in the east, if they desire, at no additional expense.

# SPOONER'S DEFENSE OF ADMINISTRATION

## Speech He Concluded Yesterday Regarded as One of the Most Powerful of This Session.

Washington, D. C., May 25.—Senator Spooner yesterday afternoon concluded his great speech in defense of the administration policy in the Philippines. He has spoken altogether more than six hours and is receiving the congratulations of his colleagues in congress for the powerful argument he has placed before the country.

Senator Lodge of Massachusetts said last night in speaking of Senator Spooner's speech, that it was at least the ablest running debate ever given in the senate and that the Wisconsin senator's quick and vigorous replies to interruptions were unparalleled in senatorial debate.

The Evening Star, editorially last night said: "Senator Spooner's magnificent speech in behalf of the honor of the nation, which he is now delivering in installments is easily one of the most satisfactory features of the entire session of congress. The Wisconsin man, able in debate, keen in retort, accurate in statement and earnest enthusiasm for the cause he holds to be just despite the sneers and charges of demagogues, stands sturdily by the administration as regards both Cuba and the Philippines, showing that the course of the government has been that of good faith, progress and enlightenment."

# ITINERARY OF ENVOYS

## They Will Hold a Meeting in Baltimore Sunday Night and Go as Far West as Kansas City.

Washington, D. C., May 25.—The Boer delegates were sitting around a big table in their parlor at the Arlington this morning with a lot of railway maps spread out before them, and, with the assistance of Webster Davis and Montagu White, making out an itinerary for their journey through the United States.

They expect to hold their first meeting in Baltimore Sunday night, and then go to Philadelphia, New York and Boston; thence west via Albany (where there is a large population of Dutch ancestry), Buffalo, Cleveland, Detroit, Chicago, Milwaukee, St. Paul, Kansas City, St. Louis, Cincinnati and Pittsburgh.

They may include several other towns in the tour, and may finally decide to go to Denver and San Francisco, but that part of the plan will not be definitely adopted until later.

Mr. Fischer desires to impress upon the public that the delegates have no purpose or desire to influence the presidential election or ally themselves with any party or meddle in any way with American politics.

# LIVERPOOL HOLDS COTTON MARKET

## Price and McCormick Failure in New York Yesterday Will Not Involve Other Brokers.

New York, May 25.—[Special Telegram.]—It is stated on the Cotton Exchange this morning that the suspension of Price and McCormick is unlikely to seriously involve other members. Advice from Liverpool are encouraging inasmuch as they failed to indicate a flurry as had been looked for. The best informed people are of the opinion that the extent of Price and McCormick's outstanding contracts on the Exchange will not exceed four hundred thousand dollars. The cotton market here this morning was weak. August falling to 8.40. Liverpool yielded only four to six points.

# BOOMING MONROE FAIR HERE

## W. W. Chadwick Has Been in Janesville This Week

W. W. Chadwick of Monroe has been in the city this week bowing the coming Green county fair to be held in the city of Monroe during the month of September. Mr. Chadwick while in Janesville received the assurance that many would be in attendance from the Bower city.

# MOTHERS' CONGRESS OUT OF POLITICS

## PLATFORM ADOPTED AT DES MOINES IS EDUCATIONAL.

It Excludes Mention of Army Canteen, Expansion Question and Woman's Suffrage—Able Address on Woman's Work by Prof. Mary Roberts Smith of California.

Des Moines, May 25.—The committee on resolutions brought no politics into the National Mother's Congress when it reported this morning. Its work was practically finished last night though another meeting was held to finally adopt the "platform" this morning.

An attempt was made to get a resolution reported denouncing the army canteen but the committee voted it down. Neither was the question of expansion brought before the congress. All political questions have been voted out.

Miss Harriet A. Marsh, of Detroit, chairman of the committee, says: "No one has asked the committee to take up the woman suffrage question and it will not be taken up."

Resolutions Purely Educational.

The resolutions adopted are purely educational along the congress' lines of work. Free kindergartens for colored children in the south are favored, as asked by Mrs. Murray of Washington.

Professor Mary Roberts Smith of Leland Stanford University joined in the criticism of modern education of women in her address before the congress yesterday on "Immaculate Womanhood." "The colleges," she said, "are attempting to make women like men. Let us be ourselves. Let us have a wider and more comprehensive view of life, and we shall then be the great inspiring and uplifting force of the world."

Sexes Are Growing Apart.

She said that men and women were growing apart and failing to understand each other, because of the exaggeration of sex difference; that in this country the majority of the average women were chosen for marriage, not because they would be good mothers or useful in doing their part in the world, but because of physical beauty and attractiveness, though the world was beginning to recognize woman, through the influence of democracy, as a human being on her own account. The logical result must be to give equality with mankind.

Obligations of Family Life

"The future mother," she said, "must be trained to obedience in the largest sense, to the obligations of family life, the laws of nature affecting her own body and the laws of her country; to love to work and to recognize her ability in modern life."

"Instead of this," declared Professor Smith, "we have few women who know the laws of their beings; of women's primary function, and still fewer the laws of their country. Many women think the charm of life lies in getting rid of work. I have no quarrel with the woman who stays at home, but only with those who stay at home and do badly what they were made to do. There must be a deeper and wider preparation of women for their duties of life. The average woman should go back and understand her primary functions in life."

# EMPIRE WILD WITH JOY

## Briton's Everywhere Show Intense Patriotism in Celebrating Their Ruler's Birthday.

London, May 25.—Queen Victoria yesterday entered upon the eighty-second year of her age amid the patriotic acclaim of the nation. Flags waved and bunting streamed all over the United Kingdom and throughout the British empire.

Tens of thousands of church bells and tower chimes filled the air of England with clangorous melody, and her majesty's sailors and soldiers did honor to the amiable monarch in many showy maneuvers on sea and land. Naval guns and cannon roared their royal salutes, while the streets of the cities resounded with the blare of bands and the tramp of feet.

London's celebration lasted from dawn till midnight. The metropolis was clad in highly decorative garb and the people gave themselves up to noisy rejoicing.

Beautiful Girl Commits Suicide

Syracuse, N. Y., May 25.—[Special Telegram.]—Louisa Foster, beautiful and young was found dead in a room in the Collins block this morning. Ernest Hecht was arrested. He avers that the woman suicided. A handkerchief saturated with chloroform was found under the bed.

Trouble in Algeria

Paris, May 25.—[Special Cablegram.]—A force of eight thousand French troops has been ordered to concentrate at Oran in Algeria. It is believed that twenty-five thousand troops are necessary to prevent frontier entanglements.

Indications Point to Murder

Ishpeming, Mich., May 25.—[Special Telegram.]—The body of an unknown man was found ten miles from Ishpeming, on the road leading to the Dexter Mine. All indications point to murder. The skull is fractured, face battered and clothing torn.

# DR. BUCKRIDGE IS MADE PRESIDENT

## BELOIT DOCTOR HEADS STATE HOMEOPATHIC SOCIETY.

Election of Officers at the Milwaukee Meeting Yesterday Afternoon—Eclectic Medical Society Also Elects Officers at Its Meeting in Madison—Dr. Edden Elected Secretary.

Milwaukee, May 25.—The annual meeting of the Homeopathic Society of the State of Wisconsin came to a close yesterday afternoon, after the election of officers which resulted in the selection for president of Dr. Isaac Buckridge of Beloit, who for years has been an active member of the society. The other positions were filled by Milwaukeeans, the full slate chosen being as follows:

President—Dr. Isaac Buckridge, Beloit. Vice President—Dr. Philip A. Forsbeck, Milwaukee. Secretary—Dr. W. W. Irving, Milwaukee. Treasurer—Dr. Evelyn Hoehne, Milwaukee. Neurologist—Dr. Louis Sherman, Milwaukee. Want Uniform Medical Law.

A feature of the morning's proceedings was a resolution adopted urging congress to pass a law providing for uniform requirements for the practice of medicine in order that a physician once admitted to practice may do so in any state in the Union.

The rest of the day was devoted to papers of a technical nature, the only other business of interest being the appointment of the secretary and the executive committee as a special committee to invite the other two medical societies of the state to meet the Homeopaths at a joint session in 1901.

Eclectic Medical Society Officers

Madison, Wis., May 25.—The Wisconsin State Eclectic Medical society yesterday afternoon elected the following for the ensuing year:

President—Dr. A. B. Bailey, Fennimore. First Vice President—Dr. J. W. Burns, Viola. Second Vice President—Dr. M. B. Wood, Pitsville. Recording Secretary—Dr. J. B. Stevens, Jefferson. Corresponding Secretary—Dr. R. W. Edden, Janesville.

Treasurer—Dr. J. F. Stillman, Walworth. The executive committee will choose the time and place of the next annual meeting, the plan being to have a joint meeting of the old and new school of eclectics and the homeopaths.

# CROWDS FLOCK TO THE PASSION PLAY

## First Brilliant Exposition of the Life and Death of Jesus Christ at Oberammergau.

Oberammergau, May 25.—The initial performance of the passion play, following the grand rehearsal of Sunday, took place yesterday. The attendance was enormous.

Herr Joseph Meyer, who recited the prologue, was, as on previous occasions, a majestic figure. Herr Anton Lang, as Christ, was excellent, although somewhat nervous. His voice is clear and his face seems to fit the character, although not so refined as the face of Meyer, who was so long the Christ of these representations. During the Bethany scene a weird effect was produced by the sun breaking suddenly from the clouds and casting a brilliant beam on Christ's robe.

Fraulein Anna Flunger, the Mary of the representation, has a fine, well-rounded face, and is a good actress, but she lacks the pathos that Rosa Lang was wont to display.

The player now taking the part of Judas, Johann Zwink, is very fine—a vast improvement upon his predecessor in the role. On the other hand, Thomas Rendt, the Peter of the cast, scarcely equals Hett's portrayal.

Fraulein Bertha Wolff, as Mary Magdalene, is striking in appearance and made a profound impression. Sebastian Lang, as Caiaphas, realized the ideal impersonation of that relentless priest. Fraulein Mathilde Rutz, the soprano, was greatly admired, and young Boidl shows decided promise.

# SEVERAL FROM HERE VISIT CAPITAL CITY

## Inter-Scholastic Declamatory Contest the Attraction Tonight—The Field Meet Tomorrow.

Many members of the Janesville High school left the city today for Madison to attend the state inter-scholastic declamatory contest. This evening the program will be given at Library hall. Miss Lucretia Kimball will be the local representative in the declamatory contest. Tomorrow a much larger delegation will leave Janesville to attend the field-meet to be held in Camp Randall.

The local representatives to make the trip are: Harry Atwood, Leon Ayers, Arthur Bauman, Ross Bump, William Fox, Richard Griffiths, Herbert Goldin, Claude Holloway, Walter King, W. Ryan, A. Ryan, and Thomas Casey.

Check On the Moderator.

St. Louis, May 25.—[Special Telegram.]—The Presbyterians by a majority of 28 adopted the minority report on the Peoria overture. It deprives the moderator and stated clerk of the power to appoint the annual standing committee as heretofore.

# EXTRAORDINARY STATE FAIR

## Attractions at Milwaukee This Fall Will Be Something Unusual

Milwaukee, May 25.—Wisconsin will have a state fair this year that will set the mark for similar attractions for a long time to come. A meeting of the state agricultural board and the advisory committee of the business men of this city was held this afternoon. As a result of the conference the following attractions were agreed upon: Military day, which will bring in companies from all over the state; state field day, athletic meet, vaudeville entertainment, Patchen-Gentry race, automobile display and an attraction all information about which is being carefully concealed for the present.

# TRACK ATHLETICS IN MADISON TOMORROW

## Entries Number 342—Great Crowds Are Expected From All Parts of the Badger State.

Madison, May 25.—[Special.]—Saturday will be the greatest day in track athletics in the history of the University. In the morning the University track team competes in a dual meet with the Chicago University team. Great interest centers in the meet as the rivalry between the two institutions has always been fierce. In the afternoon the annual inter-scholastic field meet of the High schools of the state takes place. This will attract many contestants and many thousands of supporters and spectators. The entries are all in and the magnitude of the affair may be judged to some extent by the number—342.

This evening the declamatory contest between the representatives from the different leagues into which the High schools of the state are divided will be held in library hall. The many 'Varsity students from Janesville are pleased to note that the Janesville High School will be represented and will be present to assist in obtaining the decision if possible.

This afternoon at 5 o'clock the crews will row a handicap race on Lake Mendota for the benefit of the visitors who may happen here. Henry Carpenter of Janesville is rowing on one of the Freshman crews, and gives promise of a 'Varsity oarsman.

The base ball team returned Tuesday night from their trip, having won two and lost two games. Friday and Saturday they play the University of Minnesota at Minneapolis, and next Tuesday, Chicago University at Madison. The team, however, are saving themselves to some extent for what they consider the hardest game of all with Beloit at Janesville May 30.

This will be a hard fought game from start to finish, and undoubtedly many from here will accompany the team.

# SENSATIONS AND RUMORS IN CUBA

## Customs Service on the Island Said To Be Honeycombed with Fraud—Investigations in Order.

Washington, D. C., May 25.—That congress must make a thorough investigation of every department of the government of Cuba is the conclusion being gradually forced upon administration leaders in both houses. Nothing short of a searching inquiry by a committee containing representatives of the minority party will be accepted. It is probable that the Bacon resolution will be adopted by the senate. This resolution was referred to the committee on contingent expenses today.

An explosion in the Cuban customs service is threatened which promises revelations as sensational as the disclosures in connection with the postal service. An official of the customs service who has just returned from Havana brings information that the customs service there is honeycombed with fraud and corruption, and the officials interested are trembling in fear of investigation.

# BOVEE--FATHERS MARRIAGE

## Social Event in the Line City Yesterday Afternoon

Beloit, Wis., May 25.—(Special.)—At the home of Mr. and Mrs. Bovee, Elgin street, yesterday occurred the marriage of their daughter, Lillian, to Mr. Chas. A. Fathers, both of this city. Rev. W. W. Sleeper performed the ceremony. Miss LaVerna Bovee, sister of the bride, was maid of honor and Mr. George A. Lewis was the best man. After the ceremony a delicate wedding breakfast was served. Mr. and Mrs. Fathers took the noon train for Racine, where they will visit for a short time after which they will be at home to their friends with the bride's parents. Both parties are well known and a host of friends extend congratulations.

Great Strike at Stockholm

Stockholm, May 25.—[Special Cablegram.]—Twenty thousand builders were locked out this morning. A sympathetic strike is probable and disorder is feared.

# TO IMPROVE THE LABOR CONDITION

## Report of the Industrial Commission Is Submitted to Congress.

# NEED SOME NEW LAWS

## Practice of Issuing Blanket Injunctions in Labor Cases Should Be Discouraged.

# BOYCOTT IS ALWAYS ILLEGAL

Washington, May 25.—[Special Telegram.]—The Industrial commission, of which Senator Kyle is chairman, submitted to congress today a report on general labor legislation. Among the recommendations made are:

That no person under eighteen years of age be employed as a railroad operator;

Engineers and switchmen to be examined for color blindness;

Intoxication to be made a misdemeanor for engineers and switchmen on duty; All states should provide that laborers be paid in cash;

Fair weighing of coal;

The practice of issuing blanket injunctions against numerous unnamed defendants as well as the practice of indirectly enforcing a contract for personal service by enjoining employees from quitting work should be discouraged;

Importing and sale of convict made goods from one state to another should be prohibited;

That congress adopt a consistent code of laws regulating all matters concerning the employment of railway labor;

That the right to be employed and protected without belonging to a union be preserved and that making it a penal offense for an employer to exclude union labor only unconstitutional, the statute should apply to union and non-union labor alike;

That a strike shall always be legal except when conducted on a public employment in such manner as to injure public safety;

That a boycott always is illegal, sometimes criminal;

A reasonable statute to prevent the abuses of the use of private detectives;

Recommend the establishment in all states of labor bureaus.

Smyth, Harris and Senator Daniel did not concur believing uniform labor laws impracticable.

More Charges Against Neeley.

A report received from special agents Seybolt and Williams in Cuba on Cuban postal frauds was today forwarded to the counsel for the government in New York. It charges Neeley with not accounting for property to the value of sixty-five thousand three hundred dollars. There are five counts in the charges.

McKinley Takes a Trip.

President McKinley accompanied by his cabinet and Gen. Miles and Corbin left this morning for Fredericksburg, Va., to attend the reunion of the Army of the Potomac. They will return at seven o'clock this evening.

# BOWER CITY NOT IN ZONE OF TOTALITY

## Monday Morning's Eclipse of the Sun Will Be Only Partly Visible in Janesville.

Next Monday morning interested Janesville people will be craning their necks and squinting through fragments of smoked glass to witness the partial eclipse of the sun. At 6:35 o'clock the moon will begin its transit over the visual arch of the sun and for two hours and twenty-five minutes, during which time there will be a perceptible diminution of the sun's rays, its progress will be free from interception.

As Janesville is "not in the zone of totality" and but a partial obscuration visible, the Lake Geneva observatory has moved its apparatus and appliances to Wadesboro, N. C., directly within the limit of the total eclipse. With the party are the Smithsonian contingent and a party from the British Astronomical association. The latter have brought with them a telescopic kinematograph for the purpose of making a series of movable photographs during the progress of the eclipse.

Wedding Takes Place Tomorrow

New York, May 25.—[Special Telegram.]—Theodore Price, head of the collapsed firm of Price, McCormick & Co., announces this morning that his wedding to Miss Evgenia Dwyer, to have been performed Monday will take place tomorrow without bridesmaids or guests.

## BUTTER PRICES ARE ON THE DECLINE

GOOD PASTURES ARE BRINGING DOWN PRICE OF MILK.

Graduating Exercises of the Clinton High School Will Be Held in Baptist Church Friday, June 15.—Social and Personal News and Notes From Clinton.

Clinton, May 25 Butter prices are on the decline. 72½ cents per hundred for milk was the last dividend of the Clinton factory. Butter fat was 18 cents. The factory received 221,052 pounds of milk during second half of last month.

Charles Grulke has his new barn up and enclosed and the shingles are now being laid. The building is 40x60, posts 22 feet high.

The graduating exercises of the Clinton high school will be held in the Baptist church on Friday evening, June 15, at 8 p. m. The class this year numbers only four.

It is believed that nearly 300 from here will attend the big picnic at Madison week after next.

Editor A. P. Colby of Union Grove called on local friends on Monday.

Dr. George Covert is in Madison this week attending the state medical association. The doctor is on the program for an address.

### Scrubber's Magazine for June

Scrubber's Magazine for June opens with an article appropriate to the season of national conventions. It is entitled "How a President Is Elected," and gives a view behind the scenes of the way in which the great machinery of a Presidential election is put in motion. It begins with a meeting of the National Committee which decides on the place where the convention is to be held, and terminates with the last night of the campaign when the successful chairman telephones from headquarters, "I congratulate you, Mr. President." The author, A. Maurice Low, is a Washington correspondent who has had every facility to see the workings of a campaign. A brilliant series of pictures fully illustrate the narrative.

Another article of national interest is "Are the Philippines Worth Having?" by George F. Becker, a United States geologist who recently spent more than a year in the islands. This article is a very clear exposition of the mineral, industrial and agricultural possibilities of the islands with an account of their climate and the characteristics of the people. It contains more valuable condensed information about the islands than has heretofore appeared, and is fully illustrated from recent photographs.

Mr. Richard Harding Davis has been following General Buller's column, and his first article is published in this number, describing the battle of Pieter's Hill. Mr. Davis's admirable qualities as a descriptive writer and his experience as a correspondent in three wars enable him to present as vivid a picture as possible of the great fight between the Boers and the British just before the relief of Ladysmith. Anyone reading this article will actually follow the British soldiers while they are taking a fortified kopje. It is a brilliant picture of a battle under modern conditions.

The other side of the picture is presented by Thomas F. Millard, an American correspondent who has been with the Boer army since early in the war.

## SUNDAY SCHOOLS OF ROCK COUNTY

CONVENTION AT MILTON ADJOURNED YESTERDAY.

Death of Dr. B. A. Brown, Mrs. Wm. Ind, and De Lang Fuller, All Well Known at Milton—Meeting of the Teachers' Club—News and Notes from the College Town.

THE GAZETTE AGENCY  
W. W. CHAPMAN, Manager.  
Milton, Wis., May 25, 1900.

The Rock County Sunday School association concluded its annual session yesterday afternoon. After a devotional exercises yesterday morning a working conference was held in which "Normal Work," "Home Department," and "Kindergarten," were topics for discussion by the delegates, followed by Lesson for the Sabbath, "Parables of the Kingdom," by C. A. Whitney. In the closing session the Rev. L. A. Platts and J. T. Wright of Janesville spoke on "The Sunday School and Missions," F. L. Strothers of Beloit on "Missions Among the Negroes," and after two-minute reports from the schools of the county the program concluded with a children's meeting conducted by Prof. George P. Bacon.

The Milwaukee Sentinel speaks in flattering terms of Dr. Beloo A. Brown, who died in Tennessee, May 12, after a short sickness. Dr. Brown graduated from Milton College in the class of '96 and had many acquaintances here who will be pained to learn of his death.

De Lano Fuller, well known to many of our citizens, who graduated from Milton College in the class of '71, died at his home at Eveleth, Minn., on the 20th inst., after an illness of over two years. He went south in March hoping to get relief from his pulmonary trouble, but no benefit and came back a month prior to his death. Deceased was a bright man and a lawyer of ability.

Mrs. Wm. Ind died Tuesday of heart disease. The funeral took place Thursday afternoon from her late residence. She leaves a husband, son and two daughters to mourn the death of a beloved wife and mother. The funeral services were conducted by Rev. A. L. McClelland assisted by Rev. F. B. Sherwin.

Mr. and Mrs. Fred Baker of Evansville were entertained by Mr. and Mrs. Clem W. Crumb Wednesday and Thursday.

Howard Lee, postmaster of Fulton, and candidate for county treasurer was in town Thursday.

Dr. A. L. Burdick of Chicago, was in town Tuesday enroute to Edgerton on professional business.

M. J. Plumb has gone to West Superior to work at his trade as carpenter on some houses that Dr. Mills of Janesville is having built.

Mrs. J. B. Morton returned to Walworth Thursday, her niece, Mrs. Dr. Campbell being ill with scarlet fever.

James McEwan has erected a large Aberdeen Scotch granite monument on the McEwan lot in the village cemetery this week. It is one of the finest monuments on the grounds.

High school field day exercises will be held on Friday, June 15.

The teachers club met last Monday evening with Miss M. C. Spaulding and Superintendent Thorne as our authority for the statement that it was the most successful meeting in the history of the club. An elaborate lunch was charmingly served.

The King's Daughters annual benefit on Tuesday evening was not as liberally patronized as it should have been. Those who took part in the program acquitted themselves in a very creditable manner.

Postmaster Nowlan, of Janesville, was in town Thursday on business and kind favored this office with a call.

The Milton Anti-Horse Thief Society will hold its regular quarterly meeting at G. A. R. hall on Thursday, May 31 at 2 p. m.

Salem Twist, of Nebraska, a former resident here in the "fifties" has been in town this week shaking hands with old acquaintances and comrades of the 13th Wisconsin.

I consider it not only a pleasure, but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. Lynch, Dorr, W. Va. This remedy is sold by Smith's Pharmacy, Kodak agents, opposite P. O.

Home-seekers' Excursion Via C. M. & St. P. Railway.

An Epidemic of Whooping Cough.

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for cough and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—John E. Clifford, Proprietor Norwood House, Norwood, N. Y. This remedy is for sale at Smith's Pharmacy, Kodak agents, opposite P. O.

## GAVE A DANCING PARTY

Janesville Rebekah Lodge at West Side Odd Fellows Hall.  
Last evening at West Side Odd Fellows' hall Janesville Rebekah Lodge No. 171, I. O. O. F. gave a most enjoyable dancing party that was the means of attracting a goodly number. The evening was none to warm for dancing and all present had a merry time till the one o'clock hour. Prof. Tuckwood and his excellent orchestra furnished fine inspiration.

The floor was managed by Jas. A. Fathers, T. J. Anderson and Otto E. Smith.

### Unionists Elect Their Candidate.

London, May 25.—Capt. John Seeley, unionist, has been elected by a majority of 1,662 to represent the Isle of Wight division of Hampshire in the house of commons, in place of Sir Richard Webster, the former attorney general and new master of the rolls, who has been elevated to the house of lords. The liberal candidate was Geoffrey Baring, chairman of the island county council. The unionists set great store on retaining the seat, and made most of the fact that Capt. Seeley is now serving in South Africa with the Imperial Yeomanry. Sir Richard Webster's majority in the last election, held in 1895, was 446.

### Dr. Chrisman Elucidates.

Emporia, Kas., May 25.—Dr. Chrisman has come home and denies that he was ridiculed at Des Moines. Mr. Chrisman said: "Once I think I heard some hissing, but it was so slight that I was only reminded of the fact by the reports sent out. I made the remark concerning man and love in connection with the theory that too much devotion to higher education has a tendency to unfit woman for home life. I spoke from a biological sense rather than the every-day standpoint, and I did make my remarks pretty strong. I did so in order to provoke a spirited discussion and set people thinking."

### The ancients believed that rheumatism was the work of a demon within a man.

Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demonic enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by Smith's Pharmacy, next to post-office, Kodak agents.

## KRUGER IS LOSING HOPE.

He Is Said to Favor Immediate Surrender.

## WAR RUINS BOER PROPERTY.

The British Now Face Laing's Nek—Trains Cross Temporary Bridge to Dundee—Earl De La Warr Escapes—Bubonic Plague.

London, May 25.—The Lorenzo Marques correspondent of the Times telegraphing Wednesday says: "According to a private letter smuggled through from Pretoria President Kruger now favors surrender on the ground that a continuance of the war would ruin the property of the burghers. He has thrown upon the commandants the onus of what course to pursue."

The British face Laing's Nek, where the Boers, through the range glasses of the British, are occasionally visible. In the march across the Biggarsberg all the farms except one were found vacant. A temporary bridge has been finished at Waschbank. Trains now go to Dundee. General Buller said the best way to celebrate the queen's birthday was to repair the railway to Newcastle and every man was put to work. Earl De La Warr, who was supposed to have been captured at the time of the disaster that befell the squadron of Bethune's horse, contrived to escape. He lay all night with a wounded leg behind an ant heap, reaching the camp next day. As the railway is now open north of Mafeking an abundance of provisions is entering the town, plenty of flour and meat and a few luxuries. The telegraph messages will probably come from Mafeking direct over the northern route in a day or two.

South Africa has another infliction. An extraordinary issue of the Gazette at Durban announces the death of an East Indian from the bubonic plague. The government has put into force the most stringent preventive measure, but fears are expressed that the pestilence may get among the troops.

## Yields to Anti-Trust Law.

Austin, Texas, May 25.—The Waters-Pierce Oil company, realizing that it will not be permitted to continue doing business in Texas under its present name, is perfecting arrangements for the organization of a new corporation under the laws of Texas for supplying its trade in this state. Attorney-General Smith informed H. Clay Pierce that the new company would have to subscribe to the oath prescribed in the new anti-trust law to the effect that it is not a trust nor in any way connected with a trust.

## Meeting of Electricians Ends.

Chicago, May 25.—The convention of the National Electric Light association, which has been in session at the Auditorium hotel for several days, completed its labors. The new officers of the association were chosen as follows: President, Lieut. James Blake Cohoon, Syracuse, N. Y.; first vice-president, Louis A. Ferguson, Chicago; second vice-president, W. Worth Bean, St. Joseph, Mich. Executive committee—H. L. Doherty, Madison, Wis.; Ernest H. Davis, Williamsport, Pa.; Charles B. Hunt, London, Ont.

## Mining Deal Involves Millions.

London, May 25.—Cecil Rhodes, Alfred Beit and Julius Wernher, with other South African mining millionaires, are about to develop a gigantic mining enterprise in German West Africa. The Daily Express, which makes the announcement, asserts that gold, silver, copper and lead have been found in abundance within 400 miles of Walvisch bay. One hundred thousand pounds will be spent in prospecting and then, if the results warrant the outlay, £2,000,000 will be expended in constructing a railway.

## Name W. C. T. U. Delegates.

Oshkosh, Wis., May 25.—The Wisconsin W. C. T. U. closed a three days' convention with a lecture by Miss Marie Prehm, of Chicago. The following delegates to the national convention at Washington, D. C., next November were chosen: Mrs. G. I. Follette of Spencer, Dr. A. J. Shaw of Eau Claire, Mrs. Jennie E. Kinmore of Baraboo, Miss Peters of Monroe, Mrs. L. A. Hodge of Waunakee, Miss Pamela A. Hand of Elkhorn, Mrs. Hannah Patchen of New London.

## White Men Attack Japanese.

Helena, Mont., May 25.—As Cascade, on the Montana Central, seventy miles north, a party of white men attacked a cabin in which some Japanese, employed on the Montana Central road, were living. The building was burned and the Japanese were ordered to leave the country under threats of death. The sheriff has sent a number of deputies to the scene.

## Queen Victoria Is 81 Years Old.

London, May 25.—Under the stimulus of the relief of Mafeking and Lord Roberts' rapid and successful progress the queen's eighty-first birthday anniversary was celebrated throughout the empire with unique and almost unprecedented rejoicings. The twofold nature of the celebrations gave the occasion unusual brilliancy.

## Springfield Mill to Close.

Springfield, Ill., May 25.—The Springfield mill of the Republic Iron & Steel company will close June 1, and probably remain idle for some months. The mill has not been running full capacity for some time.

## TWO SHOT IN ST. LOUIS RIOTS.

Mob Fired On by Guards on a Street.

Car—Union Man Will Die.

St. Louis, Mo., May 25.—A serious riot on the Park avenue division of the Transit system occurred while a disabled car was being returned to the sheds under heavy guard. It was attacked by a mob and the crew was stoned. The guard fired fifteen shots into the crowd. J. S. Harding, a union motorman, who was standing on the sidewalk, fell, so badly wounded that he will probably not recover. One of the bullets entered a restaurant and struck D. Watts, a real estate man, who was eating. He is not seriously hurt. The shooting so infuriated the crowd that it made a rush to seize the crew and guards, despite their weapons. Mounted police not far distant, hearing the shooting, hurried to the scene and dispersed the crowd with sabers. Rioting was general on the company's lines during the day, and Gov. Stephens has threatened to call out the militia unless the police suppress disorder.

## THE MOTHER'S CONGRESS

Interrupted by Crying Babies at Its Session.

Des Moines, Ia., May 25.—Mrs. Theodore Birney of Washington, D. C., president of the mothers' national congress, stopped the session and announced that, if the crying babies could not be kept still, the congress must be relieved of their presence, for it was necessary for the speakers talking on the subject of how to train children in morals, temper and body to be heard. The mother with the offending baby left the audience, going to the model kindergarten operated in connection with the congress. The organization has amended its constitution to allow each state to send the president and three delegates from each club one additional for the first fifty members and one additional for each succeeding 100.

## Olivet Postoffice Is Looted.

Charlotte, Mich., May 25.—Cracksmen robbed the safe in the postoffice at Olivet, stole two teams and escaped to this city, it was believed, to catch a train east. Sheriff Shepard and deputies found the teams, and after a running exchange of shots captured three men, who, besides revolvers, had dynamite, fuses, pepper, knives and a map of Michigan, with a circle around Olivet. The prisoners had only 20 cents, and it is believed the men with the plunder fled another way. The prisoners registered at the jail as Edward G. Gillman, machinist, Hillsdale, Mich.; James Gilmore, railroad man, Albany N. Y., and Frank Graham, railroad man, Buffalo.

## School Board Takes a Row.

Milwaukee, Wis., May 25.—The committee on courses of the board of education found that what seemed an innocent resolution had involved in it a peck of trouble and raised the question of races and nationalities, which is ever near the surface here. This resolution was to abolish calisthenics in the public schools. At once such a protest was raised among the Germans that the very constitution seemed in danger. The turner societies met and passed strong resolutions against interfering with their forms of exercise in the schools.

## Elect Officers of the Pan-Handle.

Philadelphia, Pa., May 25.—The new board of directors of the Pittsburgh, Cincinnati & St. Louis Railroad company (Pan-Handle) met here and elected these officers: President, A. J. Cassatt; first vice president, James McCrea; second vice president, J. G. Brooks; third vice president, James Wood; secretary, S. D. Liggett; treasurer, G. H. McKnight. The directors of the Pennsylvania company met and adopted a resolution to open a stock transfer office in New York City.

## NEELY CASE GOES OVER.

Continued Until Monday, Pending Action in Extradition Proceedings.

New York, May 25.—The examination in the case of Charles F. W. Neely, charged with misappropriating \$36,000 of Cuban postal funds, which was to have come before Commissioner Shields today, has been adjourned until Monday next, pending action in the requisition proceedings before Gov. Roosevelt, which are to take place at Oyster Bay today. Edward K. Jones, the special representative of Attorney General Griggs, in the prosecution of the Neely case, today had a talk with Judge Lacombe about the Cuban postal scandal. Mr. Jones said that the papers which were said to have left Washington yesterday had not reached him yet, but they are expected this afternoon. Mr. Jones said that as soon as the documentary proof procured by the war department concerning the issue of stamps, which were ordered destroyed, come into his possession, additional action will be taken against Neely. District Attorney Henry L. Burnett and his assistant, Ernest C. Baldwin, will appear before Gov. Roosevelt at Oyster Bay in support of the application for a requisition for Neely's removal to Cuba. If the requisition in the Neely case is refused by Gov. Roosevelt, Assistant District Attorney Baldwin believes that under the federal statutes Neely can be tried in this district.

## BIG SHAKE-UP IN GLUCOSE.

Rumor That the Great Trust Will Soon Be Reorganized.

Rockford, Ill., May 25.—It is rumored here that when the plants of the Glucose Sugar Refining company, recently shut down, start again the trust will be under another name. Trouble between the Hamlin and Harding interests in the Peoria plant is supposed to be the cause. A decision is expected at Ottawa soon, and the statement is made here that the trust fears in addition to the loss of the Peoria plant the decision will bring the title to other Illinois plants into question.

The Hamlins are said to have disposed of the Peoria plant without the consent of Harding, a millionaire stockholder and prominent lawyer of Peoria. The plant is valued at between \$3,000,000 and \$4,000,000. It is understood here that a conference of officials of the trust is being held, and that reorganization will be effected to take over the properties of the present trust.

## Joliet Steel Mills to Close.

Joliet, Ill., May 25.—The mills of the Federal Steel company in this city are still running, but it is announced unofficially that all departments will be closed down next week for an indefinite time. Several departments of the mill have been working only a few men for a month, and the local officers will not give out any information regarding the future. A large amount of repairs have been made lately and all departments are now in good condition, so that if the close-down takes place next week the mills will be deserted. No reason can be obtained here for the proposed shut-down, as the officials deny that any sudden change is to be made.

## Two Bankers Plead Guilty.

Rutland, Vt., May 25.—Charles W. Mussey pleaded guilty in the United States District Court to an indictment charging him with the embezzlement and misappropriation of the funds of the Merchants' National bank of Rutland, of which he was cashier, and was sentenced to seven years' imprisonment. John C. Farrar, the former cashier of the Waterbury National bank, also pleaded guilty to abstracting \$30,000 of the funds of that institution, and he was given a term of six years.

## Smallpox on a Steamer.

New York, May 25.—The German steamer Albano, which arrived last night from Hamburg and Havre, is detained at quarantine, with two cases of smallpox among the steerage passengers. The patients are Uweel Makunas and Oslp Rodkunis, Russians. The first named was taken sick about seven days ago, and was placed in the ship's hospital for treatment. Two days later Rodkunis was stricken and ordered isolated in the hospital. The Albano will be detained until the 783 steerage passengers are inspected and the vessel disinfected.

## Convicts Escape from Train.

Terrell, Tex., May 25.—Two state convicts in charge of Officer Wimberley fled through the iron bands on their necks and jumped through the car window while going at high speed, making their escape. The officer followed, but fell on his head and was severely injured.

It stands alone, it towers above. There's no other, its nature's wonder, a warning poultice to the heart of mankind. Such is Rocky Mountain Tea. 35 cents. Smith's Pharmacy, Kodak agents.

## TRY GRAIN-O! TRY GRAIN-O!

Ask your Grocer today to show you a package of GRAIN-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it, like it. GRAIN-O is made from pure grains, and the most delicate stomach receives it without distress. 34 the price of coffee. 15c. and 25 cts. per package. Sold by all Grocers.

## CATARRH: FORERUNNER OF CONSUMPTION.

Few realize what a deep-seated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, little or no attention is given it. But, however insignificant it may seem at first, it is serious and far-reaching in its results.

The foul secretions entering the circulation poison the entire system. The stomach, kidneys—in fact all the organs—feel the effect of this catarrhal poison, and when the lungs are reached its progress is rapid and destructive, and finally ends in consumption.

It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft bones of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment.

## CATARRH IS A CONSTITUTIONAL OR BLOOD DISEASE,

and far beyond the reach of mere local remedies. Those who rely upon them for a cure lose valuable time, meet with disappointment and allow the disease to take firmer hold. Only a real blood remedy can reach this troublesome and dangerous disease.

S. S. S. cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and puts new life into the sluggish worn-out organs, and thus relieves the system of all poisonous accumulations.

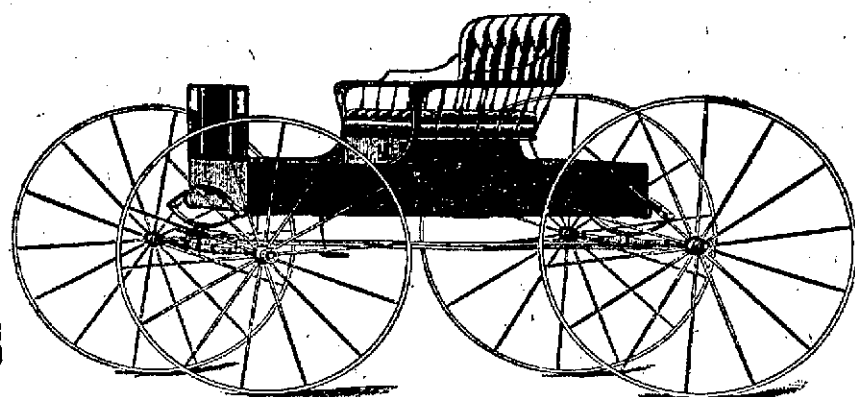

Mrs. Josephine Yolhill, of Due West, S. C., writes: "I had Catarrh, which became so deep-seated that I was entirely deaf in one ear, and all inside of my nose, including part of the bone, was sore. When the disease had gone this far the physician gave me up as incurable. I determined to try S. S. S. as a last resort, and began to improve at once. I seemed to get at the seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease."

S. S. S. is made of roots, herbs and barks of wonderful tonical and purifying properties. It is the only vegetable blood purifier known, and a certain and safe cure for all blood troubles. Send for our book on Blood and Skin Diseases, and at the same time write our physicians about your case. They will cheerfully give you any information or advice wanted. We make no charge for this.

## THIS DAY IN HISTORY.

1685—Gregory VII, saint and pope, generally called Hildebrand, in whose pontificate the papacy first became supreme in temporal affairs, died; born 1015.  
1650—Richard Cromwell resigned, and the protectorate ended. It had lasted five years. Richard inherited nothing of his father's sternness or mental power. He reigned as protector but eight months, having been proclaimed by the army on the death of his father, Sept. 3, 1658.  
1806—Ralph Waldo Emerson born at Boston; died 1882.  
1835—Dr. William Paley, author of works on natural theology and evidences of Christianity, died; born 1713.  
1887—The Opera Comique burned in Paris; 300 lives lost.  
1894—Dr. Alexander Kohut, a distinguished rabbi and oriental scholar, died in New York city; born 1812.  
1895—Second call for United States volunteers for the Spanish war; 75,000 asked for.  
1899—Rosa Bonheur, famous animal painter, died at Fontainebleau; born 1821.

## "STRATTON'S EXAMPLE"

Under the above heading, the Victor (Col.) Daily Record, a paper that flies, at its masthead a flag with the inscription "this flag waves for the free coinage of silver," publishes the following editorial:

"Many people in Colorado will read with surprise the name of W. S. Stratton in the list of delegates at large to the republican national convention at Philadelphia.

"Many will remember that four years ago no man did more for Bryan than this same W. S. Stratton. He contributed liberally to the campaign fund, having given near \$100,000 if reports are true. His voice was raised on several occasions and his influence given toward the success of the 'silver party,' but today W. S. Stratton is a McKinley republican.

"The democratic press and politicians may now be expected to begin a system of contemptible slurring of Mr. Stratton and his associates on the delegation. They will be called plutocrats, greedy capitalists, creatures of the money power, etc., etc. But was not Mr. Stratton a very wealthy man during the last campaign, and were not his convictions honest then? Was not Mr. Brown a silver man during the last campaign, and were not his convictions honest then? Was not D. H. Moffat a silver man that year, and were not his convictions honest then?

"Mr. Stratton is as deeply interested in mining today as he was four years ago. So is Moffat; so is Brown. Mr. Stratton's heart is just as much in sympathy with the masses of the people today as it was four years ago. Then why this change from Bryanism to McKinleyism?

"Without waiting for a reply we shall hazard a guess, and if we are wrong Mr. Stratton will doubtless correct us, as he is a regular subscriber to The Record and reads it every day.

"Our belief is that he has become tired of putting incompetent and ungrateful democrats into office under the cloak of 'free silver.' He realizes the utter futility of Colorado carrying on the silver fight when it is absolutely shelved everywhere else, and even if Bryan should by any chance be elected, silver could not be benefited by it. He realizes that the country is opposed to silver coinage unless by international agreement, and Mr. Bryan does not favor that. He appreciates the great prosperity of the country; the wonderful progress we have made commercially at home and abroad under McKinley; the glorious achievements resulting from the Spanish war, and the necessity of continuing the present administration in power until some of the momentous questions now in process of solution shall have been solved, and above all the necessity of upholding the man who upholds the stars and stripes and refuse to tear down the flag anywhere it has been raised for the protection, enlightenment and emancipation of enslaved and oppressed people.

"The miners of the state will think twice before condemning W. S. Stratton for being a republican and many of them will conclude to join him in the ranks of the party of prosperity, progress and patriotism."

Mr. Stratton's change of heart is a significant sign of the times. It shows the drift of public sentiment in the mining country. As the Record says, none of the free silverite arguments apply to Mr. Stratton. He has not been bought, but will vote for Mr. McKinley because of principle—because he believes it to be a patriotic duty.

The treasury department's latest circulation statement shows the total amount of money in circulation in the United States to have been \$2,060,525,463. A year ago, on May 1, 1899, it was only \$1,933,367,892, having increased more than \$120,000,000 within a year. When Mr. Bryan was nominated in 1896, it was \$1,528,629,463, and has increased 35 per cent since that time.

The value of colonial possessions to commerce is well indicated by some figures of the British board of trade. In ten years England's trade with her colonies was \$389,000,000 greater than with

the United States, \$923,000,000 greater than with Germany, and \$1,106,000,000 greater than with France.

Now that the Democratic party is so anxious for the independence of Cuba, it is interesting to note the Cuban plank of its platform of 1890, which were as follows:

"Resolved, That the Democratic party is in favor of the acquisition of the Island of Cuba on such terms as shall be honorable to ourselves and just to Spain, at the earliest practicable moment."

This merely reflected the views of Democratic Presidents Jefferson, Polk, Pierce and Buchanan, who favored annexation of Cuba, as is historically proven.

The failure of free silver has not made anyone poorer. The per capita circulation of the country was \$26.58 on May 1st. It was only \$21.10 when Bryan was nominated in 1896.

## CRIMES ON THE KONGO.

Cruelties Inflicted by Whites Upon Helpless Natives.

## HORRIBLE STORY OF AN AGENT.

Lacroix's Account of Killing and Mutilating the Blacks Said to Be True—Agents of Trading Companies Are the Guilty Men—Crimes Will Be Investigated and Justice Done.

The stories that missionaries told at the ecumenical convention of the atrocities inflicted upon natives of the Bangala river basin are perfectly true, says the New York Sun. The facts have only recently become known in Europe. The Kongo Free State government at Brussels has not yet had any official confirmation of these outrages, but admits that the circumstantial reports now at hand unfortunately leave no room for doubt that the crimes have occurred. It is only a few weeks since the government received a report from an agent who had been instructed to visit this large district. He said he found the natives contented, living in comfort and desirous of keeping the friendship of the state authorities. The crimes against them have been committed since that time.

The first detailed news of the atrocities came from a man named Lacroix, an employee of one of the trading companies, who sent the particulars to the Nieuwe Gazet of Antwerp. He told the horrible story in a most cold blooded manner. Apparently he did not realize that wholesale murder and chopping off of hands were anything more than trivial matters incidental to the occupancy of a barbarous country. He told of carrying out his orders to massacre and maim the people as he might narrate the most commonplace incidents of collecting rubber in the forests.

One day in November last, wrote Lacroix, he was ordered to take a party of armed blacks, who were under his command, and kill all the inhabitants of a certain village. He stole upon the peaceful settlement and faithfully carried out his work of death. Among the victims were 22 women and two infants, who were shot dead. Two women who escaped to the river leaped into a canoe and pushed away from the bank, but they were pursued by the white man's brave subordinates and when overtaken were thrown into the river to become a prey to crocodiles. This massacre had been ordered because the canoes laden with rubber which the trading company had ordered the village to supply had not arrived on the day set for the delivery of the commodity.

Another story sent by Lacroix told of the killing of one of the black soldiers in the service of the company and the imprisonment in chains of his wife because their son had informed the natives in a certain village, whose destruction had been ordered on account of the nondelivery of the prescribed amount of rubber, that a party was to be sent to murder them. The result was that when the hired assassins of the company reached the town they found no one there to kill. In another town that had also failed to deliver all the rubber demanded, 60 women were chained up and almost all of them died of starvation, for none received a particle of food until near the end, when the few survivors were released.

Lacroix's story recorded the murder of 150 men, women and children, the cutting off of several hundreds of hands and the burning of hundreds of huts, and he expressed the opinion that this depravity would have the effect to maintain the peace on the upper Kongo and to add largely to the collections of rubber.

Le Mouvement Geographique prints an interview with Mr. Liebrechts, the secretary of the department of the interior of the Kongo Free State, in which he says the great difficulty is

the immensity of the country and the impossibility as yet to extend the authority of the state completely over its vast domain. The laws of the state theoretically protect all the negroes not only from unjust exaction, but also from assault upon their liberty, lives or property. Unfortunately, it has been impossible to extend the full authority of the law over the country as rapidly as the advance of rubber gathering and trade has progressed.

"In the face of the accusations," says Mr. Liebrechts, "that have now been brought against the agents of certain companies, we have determined to redouble the severity with which the law is enforced. We have not thus far been remiss in our duty. Every time it has been proved that a white man has committed a crime against a native he has been punished. The government has done more than this. In the regions where the rubber is being collected, posts of black soldiers, commanded by white officers, have been established, and their special duty has been to prevent unjust exactions on the part of the whites. It seems, however, that, though the government has acted with energy in its endeavor to protect all the natives, its military establishments have not been able to keep the entire rubber collecting region under perpetual guard.

"The civilized world need not fear that the authors of these crimes will fail to receive their deserts. They will be taken before the court at Boma. If the facts, as related, are established against them, you may be sure that their fate is sealed. The law will be enforced in all its rigor, the guilty will be punished and he will be a very reckless person who undertakes to follow the example of Lacroix."

## LOCAL TRAIN CREW HAD SAD ACCIDENT

ENGINE STRIKES CHILD, CAUSING PAINFUL DEATH.

Took Place at Edison Park—Victim Was a Nine-Year-Old Girl Who Attempted To Cross the Track as the Train Approached—Was Struck on the Head.

When the Janesville-Chicago passenger train on the Chicago & Northwestern road pulled into the Bower City Wednesday evening at seven o'clock the step on the engine was spotted with human blood. These spots told of a terrible accident.

The train was in charge of Conductor James York of this city. It left Chicago on time. No stop is made at Edison Park which is a suburb of Chicago. While the train was passing through this station a little girl was seen to rush along the platform in the direct approach of the swift approaching Janesville passenger. Just as the train reached the platform the child attempted to cross the tracks to her home which was but a short distance beyond.

The attempt cost her life. The step on the side of the engine cab struck her on the head. Death followed almost instantly. The unfortunate child's name was Jane Evans. She was nine years of age. As soon as the train pulled into Janesville the accident was reported to Chicago.

## MEDAL PLAY FOR GOLFERS

Richardson Medal Scores Must Be in by June 1

The Richardson medal, which was taken by Chas. Shaller last season, is again up for competition to members of the golf club. All scores must be turned in on or before the first of June. Much interest is being manifested and there promises to be several close scores.

Robert Foulke, the well known golf expert, will arrive in the city June 1, and expects to remain here the entire month. He will give instructions to those who desire them at Buckleton Links, and the opportunity for improvement in golf playing under his tutelage is worth taking advantage of.

The carriage which meets the street cars to conduct people to the golf grounds is a convenience which is appreciated. The conveyance meets every car after one o'clock and will carry parties back at any hour during the evening.

## SELECTED MR. WHITEHEAD

Will Officiate at Fourth of July Orator at Albion.

Hon. John M. Whitehead, will be orator of the day at a grand Fourth of July celebration to be held at Albion. Prof. Hendrickson, principal of the Albion Academy and his enterprising wife have made extensive preparations to celebrate the nation's birthday on the beautiful campus of Albion Academy. A great tent has been secured where a stage and seats to accommodate thousands of people may be provided.

A sextette of the most noted male singers of the west and unrivaled prima donna of Chicago, will sing patriotic songs and will also give a grand concert in the evening.

## Got His Check Promptly.

Mrs. Susan Angell, of this city, yesterday received a check from the Northwestern Mutual Life Insurance Company of Milwaukee, through H. R. Dockery, district manager, in settlement of claim on the life of her husband, Mr. Russell R. Angell, deceased. This policy lapsed twenty seven years ago and there was no legal obligation on the part of the company to pay anything. The practice of the Northwestern, however, is to do what seems just equitable and Mrs. Angell accordingly received her money within a few days after the papers went in.

C. F. Tallard has purchased nearly 1500 cases of '98 leaf from local packers for the account of the Havana-American Co., including 600 cases of F. S. Baines; 350 cases of Geo. Rumrill, 260 cases of E. Drothing and a small lot of McIntosh Bros. Frank Baines bought a 4000 case lot of '97 and '98 of O. C. Lee and sold a 1000 case lot of '97 to a Philadelphia dealer and a 200 case lot to export, since last report says The Wisconsin Tobacco Reporter.

Trading in cured leaf has been largely confined to old stocks during the week and altogether the transactions have been the largest that have taken place in months. Not only have several packings changed hands, but quite a number of lots of '99 and '98 were gathered in from growers, and for which outside prices were paid for a few fancy lots.

The weather of the week has been rather dry for a rapid growth of the plant beds; though generally speaking the plants are plenty forward enough for this season. Growers are now busy preparing their fields for transplanting and setting will commence in a few instances the coming week, where the early beds are crowding.

## OBLIGED TO MOVE PARSONAGE

St. Mary's New Church Will Occupy More Room on North First Street.

In order to have needed room for the new edifice to be erected by the congregation of St. Mary's church, the present brick parsonage will have to be moved. The parsonage now fronts on North First street, and the intention is to move it so that it will face Prospect avenue. The work of grading is at present somewhat delayed until the parsonage is moved. Work on the church foundation will soon commence.

## SPECIAL G. A. R. SERVICES

Will Be Held at St. Mary's Church Sunday Morning

Exercises of a special nature will take place at St. Mary's church on Sunday morning next in honor of the Grand Army of the Republic. Members of the local post have been invited and will attend in a body. The musical part of the program will be a special feature. The choir will be assisted by Prof. Smith's orchestra. Miss Schader of Chicago will sing.

## Chicago Live Stock Market.

Hogs—Receipts, 20,000. Estimates for tomorrow, 18,000. Market strong. Light—\$20.35. Rough—\$20.15. Heavy—\$20.35. Rough—\$20.15. Cattle Receipts, 4,000. Market steady. Sheep Receipts, 5,000. Market steady.

The wheat market was dull and at close, trade heavy. There was no rain of consequence in north west and numerous damage reports were received both from that section and from winter wheat country.

Primary receipts were lighter than a year ago and clearances for the day were light and liberal for the week. Liverpool was unchanged and Paris 25 C. I. lower. Cash demand was slow. Argentine shipments were large. Northwest stocks wheat decreased for week was 400,000. Indications were for decrease in visible on Monday.

Corn was quiet and a shade easier. Receipts at primary points were light while clearances for the day and week were both large. Argentine shipments were lower; Liverpool was unchanged. Country sales small and shipping demand here slow.

Oats were slow, and elevator people were buyers all day. Cash demand and crop reports were bearish.

Provisions: Weak, and of little feature. Packers reported good demand for meats.

## Turkman Dwyer's Son Elopes.

New York, May 25.—James Dwyer, son of Michael Dwyer, Turkman, and his pretty 16-year-old sister-in-law, Pearl Webber, laughed at parental opinion that 21 and 16 were ages too tender for matrimony and have sailed away husband and wife. With two big wax dolls for traveling companions the youthful couple are now on their way to Florida via the Clyde line steamer Comanche. The two French dolls were all the baggage 16-year-old Mrs. Dwyer took with her.

## Shoots Son of a Chicagoan.

Cleveland, O., May 25.—Herbert Noyes, a prominent young broker of this city, was fatally wounded by a highwayman in Euclid avenue. He was returning home from a concert, when he was attacked by two footpads. He resisted and one of the highwaymen shot him in the neck. Noyes will live but a few hours, say the hospital authorities. He came to this city from Chicago three years ago, his parents still living there.

His stable is located on South Bluff street.

## Maps of Wisconsin Lakes.

A set of six hydrographic maps have recently been issued by the Wisconsin Geological and Natural History Survey. The set includes: Elkhart lake, Lake Beulah and its surroundings, the Oconomowoc-Waukesha lake district, the chain of lakes Waubesa, Delavan and Lauderdale lakes, Green lake. Each of these maps shows the outline of the lakes, depth of water in the various parts of the lakes, and the roads in their vicinity. The outlines of the lakes are much more accurate than those contained in any other publication, and these are the first maps which show the depth of water.

## FIRE AT MIDNIGHT DESTROYS BARN

DR. JUDD AND B. B. ELDRIDGE THE LOSERS.

Indications Point to Incendiary Origin—Horses Were Saved as Were All Contents Except Feed—Many People Were Attracted to the Scene by the Illumination.

Fire at midnight last night totally destroyed the private barns located at the corner of St. Lawrence Place and East street, the property of Dr. W. H. Judd and B. B. Eldredge.

Mr. Eldredge suffers a total loss of about \$1,000 with \$400 insurance. Dr. Judd's loss will foot up about \$500 with \$250 insurance. The contents of both barns were saved with the exception of hay, straw and grain. Indications point to the fact that the fire was of incendiary origin.

At about 11:30 o'clock Mrs. Judd was awakened by the noise made by the crackling of the flames. On looking out of the window she was horrified to see both barns afire. Mrs. Judd then aroused her husband who lost no time in getting to the imprisoned horses. Without waiting to turn in an alarm, Dr. Judd showed good judgment by leaving all till the horses were safe in the open air.

E. F. Carpenter, whose home is within a few feet of the burned structures, was soon aroused and rushing to a nearby fire box he turned in the alarm. The burned barns were within a short distance of valuable dwellings and had not the fire been discovered in time there is no telling where the damage would have ended.

## ANGLERS RUSH TO WISCONSIN WATERS

Fishing Season Opened Last Night at Midnight—Stories of Fishing Prospects Numerous.

At midnight war was declared against the game inhabitants of Wisconsin's lakes and rivers, and by dawn this morning thousands of Isaak Walton's clansmen, from Lake Geneva to state line, with rod and reel and singing lines, had begun the campaign that will not end till the snow flies.

It is estimated that more than \$5,000 was spent in Chicago yesterday for "tackle," and 500 men of all walks and conditions left before midnight for the scattered fishing grounds of the state adjoining on the north.

From Lake Winnebago to the nearby pools and creeks of Wisconsin come stories of fishing prospects that have never been equaled by the most imaginative of railroad advertisers or approached by the most sanguine of hotel "boosters."

A feature of the fishing season in Wisconsin, Minnesota and Michigan is expected to be the unwonted presence of the summer girl in great numbers. She will fish and hunt and wear rubber boots and freckles. She is not expected to invade the lake-studded pineries until later in the season, however.

## ENTERTAINED SEVERAL LADIES

Afternoon Card Function Given Yesterday by Mrs. A. J. Harris

## LATE TELEGRAPHIC NEWS.

## OFFICIAL CALL ON MR. HAY

By Ali Ferrouh Bey, the Turkish Minister,  
IN QUEST OF INFORMATION

As to the Tenor of Charge Griscom's Note Presented to the Porte—St. Louis Bill Not Recommended—O. C. Wash.ington News.

Washington, May 25.—Ali Ferrouh Bey, the Turkish minister here, called at the state department for the first time in several weeks and spent about fifteen minutes in conference with Secretary Hay. His call was said to be in the usual routine of diplomatic duty, and it is gathered that the minister was in quest of information as to the tenor of Charge Griscom's note presented by him to the Porte in connection with the American indemnity claims. It is said at the navy department that the projected visit to the U. S. S. Albany to the Mediterranean has not diplomatic significance whatever. So far, at least, no orders have been forwarded to Capt. Craig, her commander, to take the ship into any Turkish port, though it is said that under his general authorization to cruise in the Mediterranean he is at liberty to touch at Smyrna, Alexandria or any other Turkish Mediterranean port if he sees fit to do so.

St. Louis Bill Not Recommended.  
Washington, D. C., May 25.—The house committee on the Louisiana purchase exposition to be held at St. Louis in 1903 voted to report the exposition bill to the house without recommendation favorable or unfavorable. Representatives Steele, of Indiana, first moved to postpone action for the present session, which was defeated two to four. Representative Joy, of St. Louis, then moved to report the bill favorably, which was lost on a tie vote, 3 to 3. A motion then prevailed to report the bill without recommendation. The bill as perfected pledges the government to an appropriation of \$5,000,000. Speaker Henderson received the following telegram from St. Louis, addressed to the speaker of the house of representatives: "At a large mass meeting of taxpayers of this city last night we were instructed by a unanimous vote to ask your honorable body to defer action on the World's Fair measure for ten days for a petition against said measure now in preparation in this city reaches you. C. E. Richer, chairman; Clarkner Richeson, secretary."

Mr. Spooner on Philippines.  
Washington, May 25.—The duty of the United States toward its island possessions was the subject of heated discussion in the senate. Soon after the senate convened Mr. Bacon of Georgia began an extended reply to the speech of Mr. Platt delivered yesterday. His speech was largely supplemental to that which he delivered several days ago demanding an investigation of Cuban financial affairs. His resolution, to which there is little or no opposition, under the rules went to the committee on contingent expenses. The remainder of the afternoon was occupied by Mr. Spooner of Wisconsin in concluding his speech on the Philippine question, in which he said the Philippines would eventually be given self-government.

May Revoke Brooke's Order.  
Washington, May 25.—Representative Fitzgerald of Massachusetts introduced a resolution reciting that Gen. Brooke, while governor-general of Cuba, had prohibited ecclesiastical marriages and ordered that civil marriages be recognized as the only legal

## HEARTY EXPRESSION

Hundreds Tell of the Change Which They Have Felt.

The Time Comes for Wisconsin People to Tell What Has Been Done for Them.

The time has come when people in Wisconsin feel the change. Many people in this city have given voluntary endorsement of the great change they have felt after using Morrow's Kid-ne-oids.

Kid-ne-oids will cure a lame back, kidney backache, urinary and kidney disorders, sleeplessness, restlessness and nervousness. We always like to give reference as to the merits of Morrow's Kid-ne-oids, and this time refer you to Mr. John Kohlman, works at the Balm Wagon Factory, and who lives at 310 Division street, Kenosha, Wis., says: "I suffered from disordered kidneys for some time past. I had a dull, heavy pain across my kidneys and it hurt my back to bend over or straighten up quickly. My urine was of a dark red color. I heard about Morrow's Kid-ne-oids and secured a package and took them according to directions, and in three days was completely relieved of kidney backache, and restored my urine to its natural color. I will continue to use Kid-ne-oids and will recommend them to my fellow workmen."

Morrow's Kid-ne-oids are not pills but yellow tablets, and sell at fifty cents a box by all druggists and by The People's Drug Co.

Mailed on receipt of price. Manufactured by John Morrow & Co., chemists, Springfield, Ohio.

form of contracts for marriage; that this was a violation of the constitution and against established custom, and directing the secretary of war to revoke the order and to give instructions for full religious toleration in Cuba while it is under the jurisdiction of the United States.

May Dredge on Cape Nome Beach.  
Washington, May 25.—The house practically devoted eight hours to the consideration of the Alaska civil government bill. Two amendments of importance were adopted. One of them authorized the secretary of war to issue permits to excavate or dredge for gold below low-water mark on the beach at Cape Nome.

To Adjourn on June 6.  
Washington, D. C., May 25.—Two measures presented to the house gave rise to political outbursts, and on one or two occasions led to acrimonious colloquies. The first was upon the resolution reported by the committee on ways and means, fixing final adjournment this session at June 6. At the same time a resolution was reported authorizing the committee to sit during the recess to prepare a bill to be introduced at the next session for a reduction of the war revenue taxes. Democrats charged the Republicans with failure to keep their pledges regarding the reduction of the war taxes and that the work of the committee in the recess would be for political purposes. Both resolutions were agreed to, the latter later in the day, objection to its consideration having been made at first.

Engineers Give Home Nothing.  
Milwaukee, Wis., May 25.—G. R. Dority of Boston, Mass., was elected grand chaplain and Benjamin Evans of Greenbush, N. Y., was chosen grand guide of the Brotherhood of Locomotive Engineers. A proposition for the brotherhood to make an appropriation for the benefit of the Home for Disabled Railroad Employees, located at Highland Park, Ill., which has been under discussion, was tabled.

Capt. McGowan to Be Tried.  
Washington, May 25.—The court of inquiry in the case of Capt. John McGowan of the Monadnock decides that he be court-martialed. The finding of the court was that Capt. McGowan killed a Filipino who, with others, it was alleged, was trying to board the Monadnock at Manila for the purpose of purchasing stores; that Capt. McGowan failed to make a report of the circumstances to Rear-Admiral Watson; that he should have used more discretion in firing; that Capt. McGowan had made provision for the support of the widow and children of the dead Filipino.

Ohio Prohibitionists.  
Columbus, Ohio, May 25.—The Ohio prohibitionists are holding their convention here. State Chairman J. J. Ashenbush of Columbus in calling the delegates together said that the canten evil, the postal scandal in Cuba and the liquor disgrace in the Philippines were due to the dominant party placing spoils above principles and honest government. "Decent democrats and respectable republicans," said Delegate Beauchamp, "have no political voice. The demagogue controls by his influence over the whisky vote."

Dr. White for Vice-President.  
Washington, May 25.—Andrew D. White of New York, United States ambassador to Germany, is being seriously considered by republican leaders as a vice-presidential possibility. His name will be further discussed at a meeting of members of the national committee in Philadelphia Saturday. Those who participate in this meeting are Senator Hanna, Col. Dick, Senator Scott of West Virginia, Richard Kerens of Missouri and Joseph Manley of Maine.

Cruiser Detroit in Bad Condition.  
Portsmouth, N. H., May 25.—The United States cruiser Detroit, which went out of commission here has been found to be in a very bad condition. The plates about her rudder head were seriously defective and there were twenty-three inches of water in her hold. Fires have been started and the pumps put in operation on board, and they will be kept going until the necessary repairs can be made.

Give Up a Request to Wed.  
Springfield, Ill., May 25.—Gustav Jorns, 20 years old, has disinterested himself by marrying Bertha Garms, his schoolgirl sweetheart. When the boy's father died a few years ago it was found that his will was designed to prevent the marriage at any time. It gave the bulk of Jorns' \$20,000 estate to the young man only on condition that he never marry Miss Garms.

Illness of Mrs. Gladstone.  
London, May 25.—Mrs. Catherine Gladstone, widow of the late Wm. E. Gladstone, has been sick for a month past. Owing to her advanced age her sickness naturally causes anxiety.

Big Brokerage Firm Falls.  
New York, May 25.—The failure of Price, McCormick & Co. has been announced on the Cotton Exchange.

If the Baby Is Crying Teething.  
Be sure and use the old and well tried remedy Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

## THE NATIONAL CONVENTIONS

Of Religious Bodies in Various Cities.

## COLOR LINE IS RECOGNIZED

By the Methodists—Presbyterian Hono. Gov. Mount of Indiana—Baptists at Detroit Hear of Liquor Trade in Manila.

Chicago, May 25.—The color line was recognized by the conference, in adopting a recommendation that the benevolent societies of the church be limited to one general secretary exception was made of the Freedman's Aid and Southern Education society, and two secretaries were authorized, to give both whites and negroes place in the management of the organization. Dr. Madison C. B. Mason, colored, will be re-elected secretary and Dr. Wilbur P. Thirkield, Dr. Schell's successor, as general secretary of the Epworth league, will try to get Bishop-Elect Hamilton's place as white secretary of the society. Dr. Joseph F. Berry, editor of the Epworth Herald, will also be the executive head of the Epworth league during the coming quadrennium. The conference consolidated the two offices, despite the protests of the committee on Epworth league affairs, which favored a division of responsibility. A proposition to provide an editor for Sunday school publications in addition to the general secretary was voted down. Samuel H. Pye, a layman, manager of the St. Louis book depository, is the new western publishing agent of the Methodist Book Concern. Dr. Jennings, who is senior by virtue of his earlier election, will take charge of the Cincinnati house.

The Presbyterians.  
St. Louis, Mo., May 25.—Discussion of the Peoria overture, which seeks to take from the moderator the power of appointing committees and the adoption of a resolution memorializing congress on the subject of polygamy, were the features of the day's session of the Presbyterian general assembly. Two hours were devoted to the Peoria overture at the morning session. The memorial on polygamy was the first matter presented at the afternoon session, coming up on a report from the committee on bills and overtures in a representation from the south Florida presbytery. It was adopted unanimously.

At the morning session Gov. James L. Mount of Indiana occupied a seat on the platform directly behind Moderator Dickey. When introduced just after the prayer service he made a short address to the assembly, expressing his appreciation of the fact that he had been called to St. Louis by "the church he loved" to preside at the meeting at the Odeon theater in the evening.

Luther League's Last Day.  
Cincinnati, May 25.—On the closing day of the fourth national convention of the Luther League, the exercises on the program, to have been conducted by C. Olsen of Chicago, were abandoned, and the League met early for the regular ascension day services of the Lutheran church, conducted by Rev. C. F. Steck of Springfield, Ohio, and C. P. Bossert of Lima, Ohio. Afterward Dr. S. S. Waltz of Louisville, fraternal delegate from the general Lutheran synod, presented the greetings of the oldest Lutheran body in America, to which President E. F. Elbert of New York, responded for the Luther League of America. A symposium on league topics and courses of reading was given by I. S. Runyon of New York, Rev. Charles L. Fry, the literary secretary, and others. Addresses were delivered on church expansion abroad by Rev. L. B. Wolfe of Guntur, India, and on church expansion at home by Rev. J. C. Kunzman of Pittsburgh. The convention closed with exercises this evening.

United Presbyterians.  
Chicago, May 25.—The second day's session of the general assembly of the United Presbyterian church at 62d street and Woodlawn avenue was devoted to the election of a moderator, an address by Dr. Henderson, field secretary of the American Bible society, and the appointment of the standing committees. The Rev. J. P. Sankey of Rochester, N. Y., was the leading candidate for moderator and was victorious on the first ballot, receiving 126 votes, as against 86 for Dr. Sands.

Baptists Hear of Manila Liquor Trade.  
Detroit, Mich., May 25.—The sensation of the day in the Baptist convention was the distribution of circulars headed "The Manila Drink Scandal." It is a statement prepared by James B. Dunn, general secretary of the National Temperance society. "No one had any right to place these circulars here," said Secretary Hobart. "We are not opposing President McKinley or any one else, and we don't want to be regarded as doing so."

Must Not Use Tobacco.  
Atlantic City, N. J., May 25.—The principal feature of the day's session of the quadrennial conference of the Methodist Protestant general conference was the adoption by a two-thirds vote of an amendment to the church discipline requiring all candidates for the ministry to forswear the use of tobacco in any form.

Natural Gas Explosion.  
Muncie, Ind., May 25.—At 1 o'clock at Middletown, the residence of Duff Watkins was shattered by a natural gas explosion and the building was burned. Mr. Watkins is a roller at the tin plate mill and was at work. Neighbors awakened by the report rescued Mrs. Watkins and her three little children from the burning building. The woman will die from burns. She is unconscious, and no particulars of the accident can be learned from the small children.

Ticket for South Dakota.  
Sioux Falls, S. D., May 25.—The Republican state convention adjourned sine die at 4 o'clock this morning, after nominating the following ticket: Governor, Charles N. Herried; lieutenant governor, George A. Snow; secretary of state, O. C. Berg; treasurer, John Schambor; auditor, J. D. Reeves; superintendent of schools, E. E. Collins; land commissioner, David Eastman; attorney general, John L. Pyle; railroad commissioner, Frank Lecoc.

London Lawyer Arrested.  
San Francisco, May 25.—Julius Arnold, senior member of the law firm of Keighley & Co. of London, England, has been arrested by United States Marshal Shine on a warrant charging him with embezzlement committed in England.

When a Chinaman becomes a criminal, the law punishes his parents and even the grandparents. This is only the extreme logical application of the doctrine of heredity. In this country, we leave natural law to deal with its own offenses, and many a mother is punished through the physical weakness and peevish temper of puny offspring.

Women mainly err through ignorance. They enter the marriage state already disordered by irregularity of the periods. The delicate and sensitive organs, peculiarly feminine, are in no condition for the shock which is consequent on the great change. Drains that are offensive and debilitating are set up, inflammation and ulceration with female trouble are added in time, and when motherhood comes the strength of body is inadequate, and the condition of mind unfit, for the responsibility. The natural result is a child that is unhealthy and unhappy.

Happy wifehood, healthy motherhood, beautiful children, all follow the use of Dr. Pierce's Favorite Prescription. It stops the drains, allays inflammation, heals ulceration, cures female trouble, soothes the nerves, and puts the delicate female organs in a condition of perfect health.

Mrs. Annie Blacker, of 639 Catharine Street, Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Golden Medical Discovery and Favorite Prescription, I have much better health, and now I have a fine, healthy baby. I have recommended your medicines to several of my friends and they have been benefited by them."

## Gloves for the Feet...

That is what you will say if you wear a Foster Shoe. They are the best made. We have talked with many ladies and find that no Shoe is as popular as a Foster. You once wear a pair and you never again will be satisfied to wear anything else. Like everything else that is the best it is the cheapest in the end. It will wear longer; it is always a perfect fit; it is a leader in style. We have just added to the line a new hand channel sole which is as flexible as a turn, and in weight, just between a welt and turn. It has the upper stock the same as in higher priced grades and made on the same lasts, but by this new process of

hand channeling the sole, we buy it so that we can now sell it at

**\$3.50.**

Just think of a Foster Shoe at that price. All widths carried in stock. We have a swell line of new summer Oxfords.

The finest Shine stand in the city. All hours.

## POINTER NO. 1, OR READY-TO-WEAR CLOTHES

## The Business of Clothes Making Is a Fine Art,

But, as in the other arts, the real artists are rare. It takes years of work to acquire the skill of making the right kind of clothes. When YOU buy clothes you should know whether you are buying the right kind.

There is but ONE of two things to do—Either buy a good ready to wear suit or a good made to measure suit. A cheap suit of either kind is TRASH. You get only a poor fit if you buy a cheap suit made to order—it is nothing more nor less than the cheap making that is put into the poor class of ready-made suits. Don't go against either of these games. Put your money in good stuff and then be satisfied all the time you are wearing it.

## Our Ready-to-wear Suits at \$15 Upwards

Are made by wholesale tailors who have achieved high reputation for skillful and artistic tailoring. They make our clothes right. Our \$15.00 suits are not equal to the suits made by the merchant tailor who must charge you \$40.00, but are superior in every respect to the trashy made-to-order suits that are sold from samples and gotten up in the dirty Chicago sweat-shops and which you must pay \$18 to \$25 for. Just give this matter a thought when you are ready to buy your next suit.

The flannel stripes and blue serge sack suits are the proper things for the season coming. We show many styles at \$15.00 and upwards.

We have a first-class tailor to make any changes necessary.
